Good morning,

The attached documents are stored with hundreds of others on an unprotected share drive maintained by CRCL at: \\Dhsnet.ds1.dhs\osem_shares\CRCL\Programs Immigration\Segregation Assessment.

Note in the first document, TPS for [REDACTED] - WH Meeting 4-30.docx, the following highlighted language –

CRCL Talking Points – Segregation Review

Based on a request from the White House and S1, ICE and CRCL have engaged in a review of the use of segregation in ICE detention. This process has included a review of specific detainees held in segregation, segregation policies at ICE facilities, and the development of policy and procedure to improve ICE oversight and involvement in the placement of detainees in segregation. All of this work is outlined in greater detail below.

Sincerely,

Ellen Gallagher
